Why Sponsor Lake Norman Charter?

First, a little about us... Lake Norman Charter is a tuition-free college preparatory school serving grades K-12. Our motto is: **Together we learn, lead and serve.** Our very first core value reads: “We value **partnerships** between and among our students, staff, parents and community.” This means we are committed to our community and cultivating a mutually-beneficial relationship with our corporate and small business partners. We have been part of the Lake Norman community for over two decades and have earned a strong reputation as an academic school of excellence. This is our 23rd year of school operations, making us among the oldest charter schools in the state.

Now, a lot about why a partnership makes sense for your business... Lake Norman Charter is comprised of approximately 2,100 students, from over 1,500 families in the greater Lake Norman area. Most of our families live in Huntersville, followed by the University Area, Cornelius, Mountain Island Lake area and Davidson, respectively.

As a charter school we do not provide busing for our students. For you, this means our families are on our campuses every day, driving their children to and from school. This is a significant difference between our school and other schools you may be considering sponsoring. While we conduct our carpool process as efficiently as possible, our families are nonetheless spending time each day, idle in their cars, wrapped around our football field on our main campus which is where many of our sponsorship opportunities—your business’ banner—are located.

But that’s not all. Lake Norman Charter fields **49 athletic teams** between the high school and middle school. This results in a vast number of sporting events, many of them taking place right here on our campus. By sponsoring Lake Norman Charter, not only are you reaching our family base, you are getting exposure to other Lake Norman area families and beyond...in to South Charlotte and Lincoln County.

Revised 11/20

Lastly, Lake Norman Charter has a multi-year agreement with the Town of Huntersville, allowing Huntersville sports leagues such as Huntersville Youth Athletic Association (HYAA) to use our facilities to recreate. This drives hundreds of area families to our campus for practices and games on our fields and in our gyms. Furthermore, these area leagues and other local sports organizations hold summer sports camps in our facilities. These partnerships mean **our three gyms and fields are in use year-round, nearly 365 days.**

Here are some quick facts about the LNC community and campus:

- 1,500+ LNC families living in the greater-Charlotte area, primarily Lake Norman and University City
- 2,100 students in K-12th grades
