## 2016-2017 CARPOOL DIRECTIONS

We are excited about our new campus entrance/exit and expect it to improve traffic and the carpool process. The new parking lot will increase our ability to have more student drivers and decrease the number of vehicles exiting campus, further improving efficiencies. We very much expect improvement, but recognize that it will take time for our families and student drivers to acclimate to this new system. Please bring **patience** with you each morning and afternoon as everyone gets used to the new carpool flow! Last, but never least, **THANK YOU** to our generous families for their help in making this long-awaited improvement possible!

### Important Carpool Pointers:

- **Please** be respectful and courteous to our staff and faculty; they are doing their very best to put student safety first.
- Remain in your car and **OFF** your cell phone while you are in the carpool staging area or moving.
- Pull up closely to the vehicle in front of you to avoid longer-than-necessary lines.
- Once you have your student(s) do not move forward until motioned by a staff member.
- During carpool hours (7:15-8AM and 2:45-3:45PM) no one other than Staff will be permitted to turn left into the MS main parking lot (north lot).
- HS student drivers must obtain a walker pass for their MS student siblings. A walker pass is required for MS students to walk from the HS to the MS and can be obtained from the HS office. MS students who ride with HS drivers should remain in their vehicles until 7:30AM when they may use the protected crosswalk to go to the MS.
- There is no longer a crosswalk at the tree (at the old entrance and Old Statesville Road) and students should NOT cross there anymore. The new crosswalk for students to walk from one building to the other is near the field and clearly marked.
- For HS Drop-off/Pick-up, morning and afternoon, BOTH lanes should be utilized when coming onto campus via the old entrance at Old Statesville Road. This is to avoid carpool traffic spilling onto Old Statesville Road.
- For MS pick-up (afternoon) both lanes should be utilized when coming onto campus via the new Verhoeff entrance. Both lanes coming into campus from the new Verhoeff entrance are thru lanes, flowing past the HS and on to MS carpool.
- If you are picking up both a high school and middle school student, the high school student should meet you at your car in MS carpool by 3:10 PM.
- If your middle school student(s) is not available as you drive through carpool pick-up, please continue through carpool and wait for your student(s) in the MS main parking lot (north lot).
- If you are driving for MS sports you must be in the MS main parking lot (north lot), in the blue sports parking spaces by 2:45 PM.
- On the days there is a home game on the field the carpool route around the track will be closed at 4:00PM and you will need to park in the MS main parking lot (north lot) to pick-up your student.
- Carpooling is good for carpool efficiencies and for the environment. Check out our carpool match service on our website ([www.Incharter.org](http://www.Incharter.org), *Parents, Carpool!*).
- The carpool procedures for entering and exiting campus do not apply between 8:00AM – 2:30PM or for evening school activities, i.e., sporting events, Back-to-School Night.
