LNCharter ES Schoology Group Codes

What is [Schoology](#) and why do we use it?

Schoology is our learning management system that promotes collaboration among teachers, students, parents and LNC administration. LNC asks each ES parent to join the following groups:

- ➢ LNC2ESP
- ➢ Your student's Class Of group
- ➢ Homeroom Teacher group
- ➢ Any block teacher group requested by the grade (3rd & 4th)

The LNC2ESP group will allow you to hear communication from the school, and every Friday you can expect a post, "Week At A Glance" that contains important elementary school information for the upcoming week. Your student's Class Of group and Homeroom Teacher group will be for you to hear from the grade team lead regarding grade level information, and the Homeroom Teacher group will give you access to the goings on inside your student's class.

The 3rd and 4th grade teachers could ask you to join their block (Math/Science or ELA/SS) Schoology group. This will allow you to know what is happening in your student's specific class. The 3rd and 4th grade teachers will use Schoology to post grades and update the calendar with upcoming homework assignments and tests.

The ESP2P group is design for parents to communicate with one another and is optional for you to join, however we highly encourage our community to join this group as well. This group is a great way to hear about volunteer opportunities with the PTO (like serving lunches), ask other LNC parents questions, form carpool groups and more.

If you have any specific Schoology questions, please reach out to Shelly DiVito, ES Instructional Technology Facilitator, at sdivito@lncharter.org.
